

Mayor of Kyiv
Mr. Vitaliy Klitschko
36, Khreshchatyk Str.
Kyiv
Ukraine

Dear Vitaliy, dear Colleague,

Please, let me once again convey my deepest sympathies and concern about the atrocities Kyiv and other Ukrainian cities continue to face. The devastating impact of this senseless Russian aggression is indeed well noted.

As our children are our future, it breaks my heart to read your letter describing the current situation. If we can alleviate any of the physical and mental damage these children have suffered by receiving them for a summer camp in Stockholm, it would ease my mind.

Please let us know your contact point for continued planning!

Yours sincerely,

Anna König Jerlmyr
Mayor
City of Stockholm
